Disabled Aids—Suppliers & Stockists

The information below lists a comprehensive range of private or charitable sources that stock and / or supply a wide variety of new and / or used mobility aids for sale, to assist the infirm or physically or mentally disabled. Some are mail order companies and some are local stockists. Whilst some of these are known to Age Concern as reputable concerns, we cannot and do not recommend any of those listed and cannot be held responsible for any goods, services or private transactions carried out with any of the bodies listed. You are advised to make your own enquiries and to obtain several quotes from several sources to compare suitability, price, service, quality and delivery and to choose the supplier that may best suit your requirements. Be aware of potential commercial high pressure selling, particularly during home visits. Equipment purchased for disabled persons is normally free of VAT. Please note that the companies come and go and if Age Concern is not notified or not aware, some of those listed may have ceased trading or changed address / telephone number. Please contact Age Concern if you have any queries. Age Concern also operates an extensive Disable Aids Loan Scheme where many items of equipment can be viewed, loaned or tried out, and at times a variety of used Disabled Aids for purchase at reduced cost.
